## **Hommage à Paolo Fabbri**

Paolo Fabbri (1939/2020)

---

### **Paroles de Bruno Latour**

How sad to learn of the death of Paolo Fabbri, the impish and aristocratic spirit of semiotics, a friend of 45 years, he had much better things to do than to write: laughing, imagining, helping everyone to get further into texts, and telling stories –o what a story teller!

Bruno Latour

Philosophe, sociologue, anthropologue et co-responsable du séminaire  
« Les sources de l'insensibilité écologique » du Collège des Bernardins
